At Fellowship, we are committed to being transformed by the Gospel of Jesus Christ, growing in a life of worship, gathering in community, and giving our lives away on mission.

### TWO TEAMS WORKING TOGETHER ON ONE DREAM

Our Central Teams are responsible for:

1. Creating content that is core to Fellowship and consistent across our campuses.
2. Coaching that equips and trains Campus teams to multiply themselves.
3. Consulting that refines and sharpens skills as people grow.
4. Cheerleading that builds up and encourages people.

Our Campus Teams are responsible for:

1. Reaching the community around their respected campus.
2. Discipling the people who attend the campus.
3. Contextualizing the central content for the campus.
4. Executing the programs at the campus and community level.

### OBJECTIVES FOR THIS CAMPUS TEAM SPECIFIC ROLE:

1. To reach the young families that surround the community of Monrovia.
  - o This includes being involved in the community reaching kids and families in their contexts.
  - o This includes being an ambassador of Fellowship Summer Camps.

We believe that a person's role is not as important as the overarching goal of our mission statement - to make disciples. So we are more interested in enhancing our team with this important role, rather enhancing any one person's ministry or personal objectives.

Fellowship has been recognized as one of the fastest growing multiethnic churches in America, and Wikipedia reports that our region, the San Gabriel Valley, is one of the most ethnically diverse regions in the country.
